

# Wish List for 2008 Christmas Baskets

We've learned from previous years. This year we prepared a list of specific items and amounts needed—based on 90 families with one adult and three children. We broke that down into 323 donations costing, on average, \$15-20.

**BUT NOW WE NEED YOUR HELP!** So far donors have come forward to provide 235 of the donation/items on our list. And for that we're thankful...

**BUT**—we still have a ways to go! To meet our goal of assembling boxes from December 8-10 and delivering them from December 11-14, **We'll need people to provide the remaining 78 donations between now and December 7.**

## The List as of December 4<sup>th</sup>...
